SHIP SINKS IN TYPHOON, 108 PERSONS LOST

SEA TRAGEDY 150 MILES FROM MANILA

FOR TWO DAYS ALL HANDS BATTLED STORM AND TERRIFIC SEAS
AFTER 30 HOURS SURVIVORS MANAGE TO GAIN SHORE

Manila, P. I., June 1.—(UP)—The consular today expressed fear that 108 persons, reported missing, had drowned when the inter-island steamer *Negros* foundered in a typhoon Saturday afternoon.

The ship sunk 150 miles south of Manila, it was believed.

The captain, six of the crew, the chief of engineers and 100 passengers were those reported missing.

The *Negros*, a 280-ton craft, left the island of Romblon Thursday with 150 passengers and a large cargo. For two days all hands battled the typhoon and terrific seas, it was reported.

The extraordinary heroism of an officer on the first day of the storm was credited with saving 70 lives when he succeeded in loading 50 passengers and some of the crew aboard the lifeboat.

After 30 hours without food or drink, and in spite of the terrific buffeting in the wild sea, they succeeded in landing safely on the shores of Tayabas province Sunday night, according to reports here.

Two other inter-island steamers were overdue and it was feared they might have foundered also. The *Aurora* was three days overdue from the island of Palawan, and the *Bohol* two days overdue out of Cebu.

The *Aurora* and *Bohol* carried passengers and considerable freight. The Yanco Company, owners of the *Negros*, chartered an inter-island vessel today and sent it to the scene of the wreck. The typhoon was continuing and little hope was held for the missing.

OUTLAWED CIGARET IN KANSAS NOW A RESPECTED SMOKE

Topeka, Kans., June 1.—(UP)—The cigarette outlawed in Kansas for twenty years, today was to become a respected, law-abiding citizen, as the repeal of the Kansas anti-cigarette law went into effect.

Smokers who craved this form of smoke, before were forced to go across the borders of the state for cigarettes, to call on "bootleggers" and pay from five to fifteen cents a pack more for cigarettes than the market price.

The old law forbade even the advertising of cigarettes by manufacturers in the state. It was illegal to give away a package of cigarettes and it was a misdemeanor to sell or buy papers with which to "roll your own."

It still is illegal to advertise. No papers may carry advertisements telling of the particular delights of certain brands of cigarettes and no bill boards may flaunt the virtues of them before the public.

It is an offense to sell or give cigarettes to minors. A state tax of two cents for every package of twenty cigarettes is imposed.

There was jubilation in smoking circles and the smoke bids fair to rise over Kansas like a cloud today, as users of "the vile weed" prepared to buy their smokes within the law.

LEGAL CONFLICT OVER STATEMENTS OF MRS. COOPER

Wabasha, Minn., June 1.—(UP)—The legal conflict over introduction of statements alleged to have been signed by Mrs. Lillian Cooper, 19, on trial for the murder of her infant son, continued in district court here today.

The state attempted at the morning session to introduce several letters which, it is claimed, were written by the young mother while she was in jail following the finding of her baby's poisoned body last April.

The state claimed that letters were exchanged while Gordon Cooper, her husband, was also in jail on the same charge. Gordon was released last week when a mistrial was declared in his case.

One letter was introduced at the trial today which is alleged to have been written by Mrs. Cooper to her husband. The letter, it is claimed, was a "confession" that the young mother was guilty of the crime and asked that Gordon "stick by her."

Forecast Relief for Parts of "Sugar Bowl" Area

PROHIBITION AT END IN ONTARIO; LIQUOR STORES OPEN

Windsor, Ont., June 1.—(UP)—Less than 200 persons, including not more than half a dozen American "tourists", walked in orderly fashion into the two government stores and began buying liquor when prohibition ended officially at 10 a. m. today.

Fayette Bristol, 27, Detroit, a student at Michigan State college, East Lansing, Mich., was the first American to obtain a permit. They asked him where he lived, where he was going to in Canada and how long he was going to remain. With two dollars he then bought a permit card and for four more lugged away a bottle of pure grain alcohol.

TO COMB AREA IN SEARCH FOR NUNGESSER, COLI

WILD REGIONS OF NEWFOUNDLAND AND EASTERN CANADA

PHOTOGRAPHS OF 22,000 SQUARE MILES OF TERRITORY TO BE TAKEN

New York, June 1.—(UP)—Captains Nungesser and Coli, missing French aviators, may be found by men flying in the same type of airplane the Frenchmen fought against in the world war.

Preparations were nearly completed today for a Fokker monoplane, equipped with pontoons, to penetrate the wild regions of Newfoundland and eastern Canada for trace of the war aces who attempted to fly from Paris to New York early in May.

The search will be carried on with the utmost efficiency. Photographs of 22,000 square miles of territory will be taken. It will be studied closely by trained aeronautical observers for traces of the Frenchmen.

Many reports have said that a plane was seen on the day Nungesser and Coli were due off the Grand Banks.

The Fokker will be commanded by F. Sidney Cotton, Newfoundland air mail pilot. He will be accompanied by C. Caldwell as relief pilot, observer and photographer. Scores of photographs will be taken and pieced together into one great "natural" map.

The expedition was financed by Daniel Guggenheim, an aeronautical enthusiast, who donated \$25,000. Neither Cotton nor Caldwell would accept remuneration for the arduous service.

The take-off may be made tomorrow if weather conditions around Staten Island or New York are favorable. Stops will be made whenever necessary at Boston, Yarmouth, Portsmouth and Harbor Grace for refueling.

The plane, completed at the factory at Hasbrouck Heights, N. J., yesterday, was being tested today at Little Ferry, N. J.

"We don't know where the take-off will be or just when," said Frank Tichenor, publisher of *Aero Digest*, and trustee of the Guggenheim fund. "It depends on weather conditions."

The plane is motored by a Wright Whirlwind motor, the same type that carried Lindbergh from New York to Paris.

POLICE SEEK TO IDENTIFY GIRL IN HOSPITAL

Los Angeles, June 1.—(UP)—Police today sought to identify the "Irene Fuller" reported near death in a hospital here from the effects of self-administered poison, as Mary Lygo, former Ziegfeld Follies beauty, who five years ago gained publicity in a heart balm suit against Gordon C. Thorne, Chicago millionaire.

"Be most careful as to the name 'M. L.' as it means so much to this press," the girl wrote a friend.

After visiting the girl at the hospital, Ray Howard, a screen actor, expressed the belief today that she was the former musical comedy beauty.

Farmers Suffer Many Setbacks This Spring on Account of Unfavorable Weather Experienced

LIFE STORY OF LINDBERGH WHO FLEW TO FRANCE

BEGAN FLIGHT TO PARIS IN A DENTIST'S OFFICE IN DETROIT

PLAYED WITH THE MOTORS AND TOOLS IN THE SHOP

(The life story of Charles A. Lindbergh, who flew to fame in 34 hours) By MORRIS DE HAVEN TRACY (United Press Staff Correspondent) (Copyright, 1927, by United Press)

Chapter Two
Captain Charles A. Lindbergh began his flight to Paris in a dentist's office in Detroit.

He didn't know it then, for he had only heard about men flying in those days, but nevertheless it was while playing with the motors and tools of a dental shop and an experimenter's laboratory that he laid the foundation for his supreme accomplishment.

The dental office was that of Dr. C. H. Land, his maternal grandfather. Just as clearly as his heritage of courage can be traced back through his paternal ancestry, his flair for mechanics, his urge to try anything new, and his great modesty can be traced back to his mother's father.

Dr. Land was quite fond of his grandson and extended to him the particular privilege of visiting his dental office and permitting him to give that youthful "help" the value of which any mother of such a child can well appreciate as he himself went on with his researches.

Dr. Land was born in Ontario, descendant of one of the founders of Hamilton, Ontario, but he was raised in New York and Brooklyn, studying dentistry in Brantford, Ont., under Dr. J. B. Meacham. He practiced for a time in Chicago and then came to Detroit. His wife, Evangeline Lodge, was the daughter of a Detroit physician.

Just how well defined is the experimental turn which is part of Charles Lindbergh's inheritance, can be seen from the fact that in his Detroit office Dr. Land perfected the process of using porcelain for filling teeth, invented a gold inlay system and developed other revolutionary dental methods, writing in 1875 and again in 1911 books on dentistry which are known throughout the profession.

But dentistry wasn't the only thing to which Dr. Land turned his inventive genius. He perfected and patented such things as incandescent grates for furnaces, gas and oil burners.

"His gas jets have never been bettered," his daughter, the mother of Charlie Lindbergh, still maintains.

"Undoubtedly Charles first became fascinated with machinery in my father's office," Mrs. Lindbergh said, telling of her son's boyhood.

"My father had a suite full of curious appliances, wheels, pulleys, belts, levers and such things."

"He used to take Charlie with him to his office and Charles would spend hours there, watching and tinkering with the machines."

An uncle of Lindbergh's is the inventor of a truck trailer now widely used and manufactured in Detroit.

With such a heritage and foundation, it was but natural that Charlie Lindbergh turned to motorcycles, then built a motor-driven ice boat, took up airplanes and, when he had exhausted everything else that was new in the flying profession, decided to fly to Paris.

As to his modesty, the very quality makes it difficult to go into the details, for Mrs. Lindbergh herself has the quality as strongly defined as does her son.

"He takes some of the possibly more deep-seated instincts from his father," Mrs. Lindbergh commented when questioned about her son's heredity.

"I have learned many lessons from my boy," she said on another occasion.

"His flying was all his own; I had nothing to do with it and never sought to interfere," was another comment she made.

"All the credit is due my boy and I don't want to take it from him,"

4 YOUTHFUL BANDITS STEAL 2 CITY PAYROLLS

Philadelphia, June 1.—(UP)—William C. Smith, a city paymaster, his chauffeur, and an armed guard, were held up by four youthful bandits as they entered the grounds of the municipal hospital today and robbed of two city payrolls totaling \$10,500. The robbers escaped.

SEVERE EARTH TREMOR SHOOK ASBURY PARK

WORKERS IN HIGH BUILDINGS OF NEW JERSEY TOWN FELT SHOCK

DISHES SHAKEN FROM SHELVES IN JERSEY CITY

Asbury Park, N. J., June 1.—(UP)—A severe earth tremor of ten seconds' duration shook buildings here at 8:41 A. M. today.

Workers in high buildings in the center of town felt the quake distinctly.

Reports within five miles of Asbury Park and from the commanding officer at Fort Hancock, Sandy Hook, were similar.

The tremor was distinct in Jersey City. Dishes were shaken from shelves in homes, it was reported.

Red Bank and Freehold, N. J., reported the shock had been severe in those places.

New York, June 1.—Three disturbances of marked intensity were recorded on the seismograph at Fordham University today. The first came at 8:23 A. M. It continued irregularly, of small intensity, until 8:31, when it increased again. After another intermittent period, a third shock of sharp intensity was recorded at 8:39:20.

ST. PAUL MAN FOUND DEAD IN HIS BARN

St. Paul, June 1.—(UP)—Joseph Bulera, 67, was found dead early today in the barn at the rear of his home by a son.

Bulera was found hanging by a rope tied to a rafter in the barn.

Coroner Ingerson pronounced the death a suicide.

Mrs. Lindbergh answered reporters who besieged her to tell them how it was that she had raised Charles into such a man as, at 25 years of age, he proved himself to be.

When messages of congratulation poured into her home Saturday night and Sunday after the Paris flight, she commented that "it all shows how much people are thinking of what he has done."

"Friday I was unknown and now I am receiving messages from the great men of the world," she said again. "But it is all due to Charles."

One may search through all that has been said of this remarkable woman who kept on teaching her chemistry class while her son was flying to fame and the researcher will find nothing in which Mrs. Lindbergh claims any fraction of a mother's share of credit for herself. It all goes to Charles.

But here is a family secret. His mother admits that Charles inherited from her side of the house, the curly, blonde hair which so graces him and into which many a flapper would like to twine her fingers. An uncle of Captain Charles Lindbergh has hair of which Charles' locks are the duplicate.

If there is any one thing that the hero of the New York to Paris flight fears, it is his curly hair. It worries him continuously. He has tried every means to make his hair straight, but it simply won't behave.

His friends agree that on rainy days Lindbergh is most apt to be out of sorts and irritable, because damp weather makes his hair curl.

That seems to be about the only skeleton in the Lindbergh closet.

REVERSE ALL PROSPECTS FOR EARLY SEASON

ONE SECTION OF SOUTH FLOOD RIDDEN, OTHER HAS DROUGHT

COOL AND WET WEATHER DELAYS SPRING PLANTING IN NORTH

Washington, June 1.—(UP)—Farmers have suffered many setbacks this spring because of unfavorable weather, completely reversing prospects for an early season, the agriculture department announced.

While more than 3,000,000 acres were inundated in five states of the Mississippi valley by floods, the southeast and a portion of the southwest suffered from drought. Cool and wet weather has delayed spring planting throughout the north two weeks longer than average.

The department reported a light abandonment of winter wheat, the area remaining for harvest being 2,000,000 more acres than in 1926. The corn crop was reported "fairly good" with an estimated yield of 594,000,000 bushels.

The department forecast a rise in the price of hogs but pointed out "nobody knows what the corn crop is going to be."

LINDBERGH TURNS DOWN \$1,000,000 STAGE OFFER

New York, June 1.—(UP)—Rene Recover, Parisian theatrical producer, arrived today on the French liner *Paris* and told of having offered Captain Charles A. Lindbergh a \$1,000,000 contract for one year on the stage.

"But he turned it down," Recover related, "saying that he was an aviator and not an actor."

Other passengers, including Mr. and Mrs. Ward Cheney, who talked to Lindbergh at the American embassy in Paris, described the ovation given the flier. At one time, they said, there were 20 tailors in an ante-room of the embassy, each offering to make a suit of clothes for Lindbergh without charge.

W. R. Freeman, president of the Denver and Salt Lake City railroad, was another passenger on the *Paris*. He said he had made a study of tunnel engineering and Diesel engines while abroad.

CHAPLINS CONTINUE IN MARITAL ROW

Los Angeles, June 1.—(UP)—Lita Grey Chaplin today was to conclude giving the deposition on which her husband, Charlie Chaplin will base an answer to her divorce complaint.

The deposition began yesterday, behind closed doors, and attorneys for Chaplin refused to divulge the questions they asked or the answers Mrs. Chaplin gave to them.

The comedian's answer, which must be filed by Saturday under court order, probably will take the form of a cross complaint, with counter accusations "perhaps as sensational as those made by his wife," it was said.

SOFT-SPOKEN THIEVES QUARREL OVER LOOT

Mineola, L. I., June 1.—(UP)—The soft-spoken thieves who robbed Jesse Livermore, Wall street trader, and his wife, in their Nassau county home Sunday morning, have quarreled and fought over division of the \$100,000 in stolen jewels, a mysterious telephone informant told police today.

Based on the call, police made the announcement that they expected an arrest momentarily.

The informant named a New York bank, and said the jewels were deposited there. Police were watching the bank.

U. S. MARINES ORDERED NORTH TO TIENTSIN

Shanghai, June 1.—(UP)—United States marines commanded by Brigadier General Smedley D. Butler were ordered north to Tientsin today. Butler will sail tomorrow with 1,800 men aboard the destroyers *Richmond* and *Henderson*.

There has been considerable uneasiness regarding the safety of Americans in Peking owing to the rapid movement of the nationalist armies toward the capital. Tientsin is the port of Peking and is about 80 miles from the capital.

LINDBERGH HAS A HOLIDAY AT EPSOM DOWNS

AMERICAN AVIATOR TO RIVAL ENGLISH ROYAL FAMILY AS ATTRACTION

FLIER WILL ATTEND DERBY AS THE GUEST OF LORD LONSDALE

By KEITH JONES
(United Press Staff Correspondent)

London, June 1.—Charles Lindbergh was off for a holiday at Epsom Downs today, along with half a million Englishmen.

The American aviator was expected to rival the royal family, some of which he met yesterday, as a center of attraction at the derby. Great Britain's greatest sporting event.

He was the guest of Lord Londsdale.

This will be Lindbergh's last full day in England. Tomorrow at 2 P. M. he is scheduled to take off from Croydon Field in a borrowed British plane for Paris and the last of the week he will sail for America.

Lindbergh arose early this morning, breakfasted at the embassy and then set off by automobile for Epsom Downs.

The holiday at Epsom Downs came as a welcome relief to Lindbergh after one of the most crowded days he has had in Europe. From 4:30 A. M. when he arose to fly his own plane to Gosport to be dismantled for shipment home, until he left Derby Ball at Albert Hall at 2 A. M., he had scarcely a minute to himself.

The joint air banquet last night was one of Lindbergh's greatest triumphs. Seven hundred guests cheered repeatedly when he arose to respond to a toast. They sang, "For he's a jolly good fellow." They cheered his mother.

The flier revealed for the first time last night that he had to turn around and fly back towards America for a few minutes in mid-Atlantic to escape clouds 15,000 feet high. He could not fly sufficiently above 10,600 feet in the Spirit of St. Louis. He emphasized again that it was just luck which led him to the Irish coast only three miles from the place he had picked, adding that he had figured on a 25-mile margin of error.

Lindbergh wore all three of his decorations—the French Legion of Honor, the Belgian Order of Leopold and the English Air Force Cross—for the first time at the banquet.

Sir Hugh Trenchard, air marshal, speaking on behalf of the Royal Air Force, praised Lindbergh, concluding, "We take off our hats to you."

Philip Sassoon, under secretary for air in the cabinet, stressed the flier's modesty and simplicity, which have captivated London as they won Paris. Lord Thomson, former air minister, also spoke.

Lindbergh has acquired an extensive wardrobe. He has appeared since he reached London in two different business suits, sports costume, dinner coat and full dress. He violated the dictates of fashion when he appeared at Buckingham Palace for his audience with the king in an ordinary business suit instead of the usual formal morning coat, but otherwise has adhered strictly to regulation costume.

MOTHER AND SON FOUND OVERCOME BY GAS IN HOME

Oroville, Calif., June 1.—(UP)—Farwell Brown, editor and publisher of the Oroville Mercury, and his mother, Mrs. Murat Brown, were found dead at their home today, overcome by gas. Brown was 24 years old.

FLOW REDUCES THROUGH McCREA CREVASSE SECTOR

WATERS IN SOME FLOODED DISTRICTS ARE REDUCING

BACKWATER FROM ONE AREA MEETS BACKWASH OF OTHER TERRITORY

New Orleans, La., June 1.—(UP)—Relief for certain sections of the "sugar bowl" area of Louisiana, where floods have caused damage for weeks, was forecast today through diminution of the flow through the McCrea crevasse.

Dr. I. M. Cline, meteorologist for the weather bureau here, pointed out that waters in some flooded districts were receding and this indicated some of the territory might not be inundated. He referred particularly to the section south of Morganza which had been expected to suffer heavily.

In the west basin north of Breauz Bridge the waters have fallen and south of Breauz Bridge and west of the Teche there is a gradual recession.

East of the Teche and south of Breauz Bridge the flood is rising with a rapidity that spells new flood levels for Morgan City.

An air reconnaissance yesterday disclosed that waters from the McCrea crevasse had covered most of Point Coupee parish except the highest ridges along the Mississippi river and in the False river section. These high ridges probably will not be inundated, it was said.

Water from the McCrea crevasse is meeting backwater in northern Iberville parish and forcing a flow of backwater into the low sections of West Baton Rouge parish. The flood level on the Red Cross Morganza line is stabilized at 33 to 35 feet above the mean gulf level.

At Plaquemine the flood from the backwater of the Atchafalaya basin now has attained a surface about 17.5 feet above the mean gulf level.

In the districts where the flood still is said to be the worst it is indicated that the diminishing flow through the McCrea crevasse will cause the water to rise more slowly.

The McCrea crevasse is almost 2,600 feet wide now but is not spilling as much water into the "sugar bowl" as it did in the first few days. This is attributed to some natural phenomenon and meteorologists believe that the eddy has caused the sands to form a natural sand bar thus forcing the bulk of the flood waters from the north to flow on by the break.

Vincennes, Ind., June 1.—Flood waters from the Wabash river today spread over many acres and numerous families have been forced to leave their homes.

About 200 persons are reported living in tents on high ground near here, having been forced from their homes by the flood. The river is reported at a 22 foot stage.

Recent heavy rains have sent the river out of its banks at several places and hundreds of acres of lowlands country are inundated.

NIECE OF FORMER PRESIDENT BUCHANAN DIES AT PHILADELPHIA

Philadelphia, June 1.—(UP)—Miss Annie Buchanan, niece of former President Buchanan, and Stephen C. Foster, the composer, died at her home here today. She was a member of a prominent Philadelphia family and for years had been identified with religious and philanthropic activities. She was 90 years old.

SCHOOL AID DEFICIENCY TO BE PAID BY STATE

St. Paul, June 1.—(UP)—J. M. McConnell, state commissioner of education, today certified to Ray P. Chase, state auditor, the allocation of the 1923-1926 deficiency school aid appropriation.

The last legislature appropriated \$1,312,000 for this deficiency. The entire amount of the 1925-1926 deficiency is to be paid, totaling \$912,000, but only about one-third of the 1923-24 total is to be paid.

Los Angeles, June 1.—(UP)—Police today sought to identify the "Irene Fuller" reported near death in a hospital here from the effects of self-administered poison, as Mary Lygo, former Ziegfeld Follies beauty, who five years ago gained publicity in a heart balm suit against Gordon C. Thorne, Chicago millionaire.

"Be most careful as to the name 'M. L.' as it means so much to the press," the girl wrote a friend.

After visiting the girl at the hospital, Ray Howard, a screen actor, expressed the belief today that she was the former musical comedy beauty.

Farmers Suffer Many Setbacks This Spring on Account of Unfavorable Weather Experienced

LIFE STORY OF LINDBERGH WHO FLEW TO FRANCE

BEGAN FLIGHT TO PARIS IN A DENTIST'S OFFICE IN DETROIT

PLAYED WITH THE MOTORS AND TOOLS IN THE SHOP

(The life story of Charles A. Lindbergh, who flew to fame in 34 hours) By MORRIS DE HAVEN TRACY (United Press Staff Correspondent) (Copyright, 1927, by United Press)

Chapter Two
Captain Charles A. Lindbergh began his flight to Paris in a dentist's office in Detroit.

He didn't know it then, for he had only heard about men flying in those days, but nevertheless it was while playing with the motors and tools of a dental shop and an experimenter's laboratory that he laid the foundation for his supreme accomplishment.

The dental office was that of Dr. C. H. Land, his maternal grandfather. Just as clearly as his heritage of courage can be traced back through his paternal ancestry, his flair for mechanics, his urge to try anything new, and his great modesty can be traced back to his mother's father.

Dr. Land was quite fond of his grandson and extended to him the particular privilege of visiting his dental offices and permitting him to give that youthful "help" the value of which any mother of such a child can well appreciate as he himself went on with his researches.

Dr. Land was born in Ontario, descendant of one of the founders of Hamilton, Ontario, but he was raised in New York and Brooklyn, studying dentistry in Brantford, Ont., under Dr. J. B. Meacham. He practiced for a time in Chicago and then came to Detroit. His wife, Evangeline Lodge, was the daughter of a Detroit physician.

Just how well defined is the experimental turn which is part of Charles Lindbergh's inheritance, can be seen from the fact that in his Detroit office Dr. Land perfected the process of using porcelain for filling teeth, invented a gold inlay system and developed other revolutionary dental methods, writing in 1875 and again in 1911 books on dentistry which are known throughout the profession.

But dentistry wasn't the only thing to which Dr. Land turned his inventive genius. He perfected and patented such things as incandescent grates for furnaces, gas and oil burners.

"His gas jets have never been bettered," his daughter, the mother of Charlie Lindbergh, still maintains.

"Undoubtedly Charles first became fascinated with machinery in my father's office," Mrs. Lindbergh said, telling of her son's boyhood.

"My father had a suite full of curious appliances, wheels, pulleys, belts, levers and such things.

"He used to take Charlie with him to his office and Charles would spend hours there, watching and tinkering with the machines."

An uncle of Lindbergh's is the inventor of a truck trailer now widely used and manufactured in Detroit.

With such a heritage and foundation, it was but natural that Charlie Lindbergh turned to motorcycles, then built a motor-driven ice boat, took up airplanes and, when he had exhausted everything else that was new in the flying profession, decided to fly to Paris.

As to his modesty, the very quality makes it difficult to go into the details, for Mrs. Lindbergh herself has the quality as strongly defined as does her son.

"He takes some of the possibly more deep-seated instincts from his father," Mrs. Lindbergh commented when questioned about her son's modesty.

"I have learned many lessons from my boy," she said on another occasion.

"His flying was all his own; I had nothing to do with it and never sought to interfere," was another comment she made.

"All the credit is due my boy and I don't want to take it from him."

4 YOUTHFUL BANDITS STEAL 2 CITY PAYROLLS

Philadelphia, June 1.—(UP)—William C. Smith, a city paymaster, his chauffeur, and an armed guard, were held up by four youthful bandits as they entered the grounds of the municipal hospital today and robbed of two city payrolls totaling \$10,500. The robbers escaped.

SEVERE EARTH TREMOR SHOOK ASBURY PARK

WORKERS IN HIGH BUILDINGS OF NEW JERSEY TOWN FELT SHOCK

DISHES SHAKEN FROM SHELVES IN JERSEY CITY

Asbury Park, N. J., June 1.—(UP)—A severe earth tremor of ten seconds' duration shook buildings here at 8:41 A. M. today.

Workers in high buildings in the center of town felt the quake distinctly.

Reports within five miles of Asbury Park and from the commanding officer at Fort Hancock, Sandy Hook, were similar.

The tremor was distinct in Jersey City. Dishes were shaken from shelves in homes, it was reported.

Red Bank and Freehold, N. J., reported the shock had been severe in those places.

New York, June 1.—Three disturbances of marked intensity were recorded on the seismograph at Fordham University today. The first came at 8:23 A. M. It continued irregularly, of small intensity, until 8:31, when it increased again. After another intermittent period, a third shock of sharp intensity was recorded at 8:39:20.

ST. PAUL MAN FOUND DEAD IN HIS BARN

St. Paul, June 1.—(UP)—Joseph Bulera, 67, was found dead early today in the barn at the rear of his home by a son.

Bulera was found hanging by a rope tied to a rafter in the barn.

Coroner Ingerson pronounced the death a suicide.

Mrs. Lindbergh answered reporters who besieged her to tell them how it was that she had raised Charles into such a man as, at 25 years of age, he proved himself to be.

When messages of congratulation poured into her home Saturday night and Sunday after the Paris flight, she commented that "it all shows how much people are thinking of what he has done."

"Friday I was unknown and now I am receiving messages from the great men of the world," she said again. "But it is all due to Charles."

One may search through all that has been said of this remarkable woman who kept on teaching her chemistry class while her son was flying to fame and the researcher will find nothing in which Mrs. Lindbergh claims any fraction of a mother's share of credit for herself. It all goes to Charles.

But here is a family secret. His mother admits that Charles inherited from her side of the house, the curly, blonde hair which so graces him and into which many a flapper would like to twine her fingers.

An uncle of Captain Charles Lindbergh has hair of which Charles' locks are the duplicate.

If there is any one thing that the hero of the New York to Paris flight fears, it is his curly hair. It worries him continuously. He has tried every means to make his hair straight, but it simply won't behave.

His friends agree that on rainy days Lindbergh is most apt to be out of sorts and irritable, because damp weather makes his hair curl.

That seems to be about the only skeleton in the Lindbergh closet.

REVERSE ALL PROSPECTS FOR EARLY SEASON

ONE SECTION OF SOUTH FLOODED RIDDEN, OTHER HAS DROUGHT

COOL AND WET WEATHER DELAYS SPRING PLANTING IN NORTH

Washington, June 1.—(UP)—Farmers have suffered many setbacks this spring because of unfavorable weather, completely reversing prospects for an early season, the agriculture department announced.

While more than 3,000,000 acres were inundated in five states of the Mississippi valley by floods, the southeast and a portion of the southwest suffered from drought. Cool and wet weather has delayed spring planting throughout the north two weeks longer than average.

The department reported a light abandonment of winter wheat, the area remaining for harvest being 2,000,000 more acres than in 1926. The corn crop was reported "fairly good" with an estimated yield of 594,000,000 bushels.

The department forecast a rise in the price of hogs but pointed out "nobody knows what the corn crop is going to be."

LINDBERGH TURNS DOWN \$1,000,000 STAGE OFFER

New York, June 1.—(UP)—Rene Racover, Parisian theatrical producer, arrived today on the French liner *Paris* and told of having offered Captain Charles A. Lindbergh a \$1,000,000 contract for one year on the stage.

"But he turned it down," Racover related, "saying that he was an aviator and not an actor."

Other passengers, including Mr. and Mrs. Ward Cheney, who talked to Lindbergh at the American embassy in Paris, described the ovation given the flier. At one time, they said, there were 20 tailors in an ante-room of the embassy, each offering to make a suit of clothes for Lindbergh without charge.

W. R. Freeman, president of the Denver and Salt Lake City railroad, was another passenger on the *Paris*. He said he had made a study of tunnel engineering and Diesel engines while abroad.

CHAPLINS CONTINUE IN MARITAL ROW

Los Angeles, June 1.—(UP)—Lita Grey Chaplin today was to conclude giving the deposition on which her husband, Charlie Chaplin, will base an answer to her divorce complaint.

The deposition began yesterday, behind closed doors, and attorneys for Chaplin refused to divulge the questions they asked or the answers Mrs. Chaplin gave to them.

The comedian's answer, which must be filed by Saturday under court order, probably will take the form of a cross complaint, with counter accusations "perhaps as sensational as those made by his wife," it was said.

SOFT-SPOKEN THIEVES QUARREL OVER LOOT

Minneapolis, L. I., June 1.—(UP)—The soft-spoken thieves who robbed Jesse Livermore, Wall street trader, and his wife, in their Nassau county home Sunday morning, have quarreled and fought over division of the \$100,000 in stolen jewels, a mysterious telephone informant told police today.

Based on the call, police made the announcement that they expected an arrest momentarily.

The informant named a New York bank, and said the jewels were deposited there. Police were watching the bank.

U. S. MARINES ORDERED NORTH TO TIENTSIN

Shanghai, June 1.—(UP)—United States marines commanded by Brigadier General Smedley D. Butler were ordered north to Tientsin today. Butler will sail tomorrow with 1,800 men aboard the destroyers *Richmond* and *Henderson*.

There has been considerable uneasiness regarding the safety of Americans in Peking owing to the rapid movement of the nationalist armies toward the capital. Tientsin is the port of Peking and is about 80 miles from the capital.

LINDBERGH HAS A HOLIDAY AT EPSOM DOWNS

AMERICAN AVIATOR TO RIVAL ENGLISH ROYAL FAMILY AS ATTRACTION

FLIER WILL ATTEND DERBY AS THE GUEST OF LORD LONSDALE

By KEITH JONES
(United Press Staff Correspondent)
London, June 1.—Charles Lindbergh was off for a holiday at Epsom Downs today, along with half a million Englishmen.

The American aviator was expected to rival the royal family, some of which he met yesterday, as a center of attraction at the derby, Great Britain's greatest sporting event.

He was the guest of Lord Lonsdale.

This will be Lindbergh's last full day in England. Tomorrow at 2 P. M. he is scheduled to take off from Croydon Field in a borrowed British plane for Paris and the last of the week he will sail for America.

Lindbergh arose early this morning, breakfasted at the embassy and then set off by automobile for Epsom Downs.

The holiday at Epsom Downs came as a welcome relief to Lindbergh after one of the most crowded days he has had in Europe. From 4:30 A. M., when he arose to fly his own plane to Gosport to be dismantled for shipment home, until he left Derby Hall at Albert Hall at 2 A. M., he had scarcely a minute to himself.

The joint air banquet last night was one of Lindbergh's greatest triumphs. Seven hundred guests cheered repeatedly when he arose to respond to a toast. They sang, "For he's a jolly good fellow." They cheered his mother.

The flier revealed for the first time last night that he had to turn around and fly back towards America for a few minutes in mid-Atlantic to escape clouds 15,000 feet high. He could not fly sufficiently above 10,000 feet in the *Spirit of St. Louis*.

He emphasized again that it was just luck which led him to the Irish coast only three miles from the place he had picked, adding that he had figured on a 25-mile margin of error.

Lindbergh wore all three of his decorations—the French Legion of Honor, the Belgian Order of Leopold and the English Air Force Cross—for the first time at the banquet.

Sir Hugh Trenchard, air marshal, speaking on behalf of the Royal Air Force, praised Lindbergh, concluding, "We take off our hats to you."

Philip Sassoon, under secretary for air in the cabinet, stressed the flier's modesty and simplicity, which have captivated London as they won Paris. Lord Thomson, former air minister, also spoke.

Lindbergh has acquired an extensive wardrobe. He has appeared since he reached London in two different business suits, sports costume, dinner coat and full dress. He violated the dictates of fashion when appeared at Buckingham Palace for his audience with the king in an ordinary business suit instead of the usual formal morning coat, but otherwise has adhered strictly to regulation costume.

MOTHER AND SON FOUND OVERCOME BY GAS IN HOME

Oroville, Calif., June 1.—(UP)—Farwell Brown, editor and publisher of the *Oroville Mercury*, and his mother, Mrs. Murat Brown, were found dead at their home today, overcome by gas. Brown was 24 years old.

FLOW REDUCES THROUGH McCREA CREVASSE SECTOR

WATERS IN SOME FLOODED DISTRICTS ARE RECEDED

BACKWATER FROM ONE AREA MEETS BACKWASH OF OTHER TERRITORY

New Orleans, La., June 1.—(UP)—Relief for certain sections of the "sugar bowl" area of Louisiana, where floods have caused damage for weeks, was forecast today through diminution of the flow through the McCreas crevasse.

Dr. I. M. Cline, meteorologist for the weather bureau here, pointed out that waters in some flooded districts were receding and this indicated some of the territory might not be inundated. He referred particularly to the section south of Morganza which had been expected to suffer heavily.

In the west basin north of Breauz Bridge the waters have fallen and south of Breauz Bridge and west of the Teche there is a gradual recession.

East of the Teche and south of Breauz Bridge the flood is rising with a rapidity that spells new flood levels for Morgan City.

An air reconnaissance yesterday disclosed that waters from the McCreas crevasse had covered most of Point Coupee parish except the highest ridges along the Mississippi river and in the False river section. These high ridges probably will not be inundated, it was said.

Water from the McCreas crevasse is meeting backwater in northern Iberville parish and forcing a flow of backwater into the low sections of West Baton Rouge parish. The flood level on the Red Cross Morganza line is stabilized at 33 to 35 feet above the mean gulf level.

At Plaquemine the flood from the backwater of the Atchafalaya basin now has attained a surface about 17.5 feet above the mean gulf level.

In the districts where the flood still is said to be the worst it is indicated that the diminishing flow through the McCreas crevasse will cause the water to rise more slowly.

The McCreas crevasse is almost 2,600 feet wide now but is not spilling as much water into the "sugar bowl" as it did in the first few days. This is attributed to some natural phenomenon and meteorologists believe that the eddy has caused the sands to form a natural sand bar thus forcing the bulk of the flood waters from the north to flow on by the break.

Vincennes, Ind., June 1.—Flood waters from the Wabash river today spread over many acres and numerous families have been forced to leave their homes.

About 200 persons are reported living in tents on high ground near here, having been forced from their homes by the flood. The river is reported at a 22 foot stage.

Recent heavy rains have sent the river out of its banks at several places and hundreds of acres of lowlands country are inundated.

NIECE OF FORMER PRESIDENT BUCHANAN DIES AT PHILADELPHIA

Philadelphia, June 1.—(UP)—Miss Annie Buchanan, niece of former President Buchanan, and Stephen C. Foster, the composer, died at her home here today. She was a member of a prominent Philadelphia family and for years had been identified with religious and philanthropic activities. She was 90 years old.

SCHOOL AID DEFICIENCY TO BE PAID BY STATE

St. Paul, June 1.—(UP)—J. M. McConnell, state commissioner of education, today certified to Ray P. Chase, state auditor, the allocation of the 1923-1926 deficiency school aid appropriation.

The last legislature appropriated \$1,312,000 for this deficiency. The entire amount of the 1925-1926 deficiency is to be paid, totaling \$912,000, but only about one-third of the 1923-24 total is to be paid.

A NEW USE for an OLD KITCHEN CHAIR ENAMEL IT— and USE it on the PORCH

Wise home-owners can practice a thousand and one interesting little economies, if they have the imagination—and are willing to buy a brush and a can of paint, varnish, enamel, or brushing lacquer.

Articles of furniture, which seem to have outlived their period of usefulness because they look "old," can be brought back to their original state by a modest amount of personal effort. What of the old chairs—perhaps kitchen chairs that are an eye-sore? A coat of glistening enamel will make them as pretty as those you see in the modern tea shops, and the side veranda or the front porch, during the summer months, can boast a new attraction.

68 Miles Per Gallon In Public Test

Startling Invention Gets Miraculous Mileage and Starts Fords Instantly

GET ONE FREE!

Chicago, Ill.—The motor public was amazed recently when a Ford equipped with the new Blanche Thermomatic Control made 43.3 miles on one gallon of gas in an Official Public Test, 68 miles per gallon in another test. Average in 200,000 tests 32 miles per gallon, breaking world's record. The Blanche Control is entirely automatic and saves its small cost every few weeks as it is guaranteed to start coldest motor instantly in wintry weather, remove and prevent carbon, save half oil and increase speed, pop and power. Thermomatic Control used on Cadillac and Daimler Light under Blanche License—another sure proof of merit. The inventors want agents everywhere and will send one Control Free to introduce it to your community. Sales guaranteed. Agents made \$1000 to \$3000 a month. Free trial and Agents' Plan by which you can get new Ford Car free by time your present Ford is worn out will be sent at once to anyone who writes promptly to Blanche Auto Devices Co., Dept. 7-B, 157 E. Erie St., Chicago.

This train makes history—New Pioneer Limited!

The MILWAUKEE ROAD

By all railroading standards the New Pioneer Limited is now considered the finest train on earth! Supreme in the service between the Twin Cities, Milwaukee and Chicago.

It glides on roller bearings with unbelievable smoothness. Sleep, dress, shave, eat, without being jostled or jolted! Enjoy the individual privacy now being afforded in cozy single rooms with real beds, thick mattresses and deep box-springs.

The dining-car is like a fashionable cafe; the observation-parlor-car like the lounge of a smart club. For reservation, write, phone or call on—

T. A. Morken General Agent Passenger Dept. 365 Robert Street St. Paul, Minn.

Keep Fit!

Good Health Requires Good Elimination

To be well, you must keep the blood stream free from impurities. If the kidneys lag, allowing body poisons to accumulate, a toxic condition is created. One is apt to feel dull, languid, tired and aching. A nagging headache is sometimes a symptom, with drowsy headaches and dizzy spells. That the kidneys are not functioning properly is often shown by burning or scanty passage of secretions. If you have reason to suspect improper kidney functioning, try Doan's Pills—a tested stimulant diuretic. Users praise them throughout the United States. Ask your neighbor!

DOAN'S PILLS 60c Stimulant Diuretic to the Kidneys Foster-McLure Co., Mfg. Chem., Buffalo, N. Y.

VALUE OF NEWSPAPER ADVERTISING

A 100 per cent increase in business for the United Fruit Company's fleet in three years followed a switch from magazine to newspaper advertising, Maj. H. L. Harris, vice president of the S. A. Conover Company, Boston advertising agency in charge of the account, declared in a recent address before the advertising staff of the New York Times, as reported in the Editor & Publisher of New York of May 28th.

"A few years ago," he explained, "our people were wedded to magazine advertising and we spent seven-eighths of our appropriation in magazines and about one-eighth in newspapers. We did a very fair business, a business close to \$2,250,000 a year. "And then we decided that the idea was all wrong, that transportation could be better sold in newspapers than in any other way. And so we tried newspaper advertising and today we are spending about nine-tenths of our appropriation in newspapers and one-tenth in magazines. Our business last year was \$4,850,000. In other words, it shows a 100 per cent increase in a period of three years.

"I do not think it is necessary for me to say anything else. We haven't any more ships; the population around the Caribbean hasn't increased. Let us assume that one cause for this growth has been the desire for people to travel, which, we will all have to admit, has grown to incredible bounds within the last five years, but after making all sorts of mental and business reservations the fact remains when we spent our money in magazines, we did a business of two and a quarter millions; we turn around and spend the same amount of money and do a business of \$4,850,000. If there is any easier way to increase sales than that, I don't know it.

"Today you can't sell transportation as a method of going from here to there; to do something after you get there. We sell it on the principle, 'Your vacation begins just as soon as you step on board our ship.' Railroad people do the same thing. It is a clear cut matter of service, and every year finds that service stressed and made better, and the more people you can tell that you have got that service, that you have more to give them, the better line you are going to be, the more travelers you are going to procure.

"And don't forget that the way to increase passenger transportation is to use the newspapers, first, last and all the time, and you can't go wrong!"

WE SYMPATHIZE WITH THE JUDGE

JUDGE C. W. STANTON, of Bemidji, kindly and well known jurist of the fifteenth judicial district, lies sick on a bed of pain at a hospital here and we sympathize with him in his siege of pneumonia. Accustomed to outdoor life, we know that he is weighing every hour when he will again be able to greet the warm sunshine and the soft winds.

Before he became renowned as a lawyer, the judge was a successful newspaperman, owning and publishing a paper at Appleton, Minn. That's what makes the judge kin to every member of the printers ink fraternity and they in turn with the lawyers and judges and in fact all people of this section join in extending their sympathy to the judge in his illness.

When the arduous duties of the bench permitted, the judge has given freely of his time and energy to address many gatherings in the district. We remember a splendid speech he made on the occasion of the Northern Minnesota Editorial convention at Bemidji, and again in recent years, the address he made at Brainerd Rotary describing the trip of the lawyers to a convention of the American Bar Association in England.

His recent decision on the veto procedure of Governor Christianson in the judges salary bill received the undivided attention of the whole state of Minnesota. His decisions are marked by that clarity of expression so that even a layman can become fully cognizant of their import.

NUISANCE TAXES

THE revenue act of 1924 provided a rate on admissions to theatres of one cent on each ten cents or a fraction on the amount paid on each ticket in excess of fifty cents. In 1925 the exemption was increased to seventy-five cents. The recent report of internal revenues shows that during the last nine months ending March 31 the collections were more than \$13,000,000, a drop of three and one-half million dollars for the corresponding period of 1926. The Government also received for the past year from club dues and fees a total of \$7,350,000. Many newspapers that have been publishing the above item of official news have vented their editorial wrath on the nuisance taxes.—Park Rapids Enterprise.

APPROVES TRAFFIC CODE

THE session of the Minnesota Legislature that has just come to a close is to be commended for the passage of the new traffic code that is intended to protect life and limb of the people who are obliged to use our streets and highways. The new code as a law is practically perfect, but have we officers with stamina enough to see that its provisions are enforced?—Jackson Pilot.

NOT IN SUBURB CLASS

SOMEBODY, some paper, something or other tried to put Little Falls in the suburb class last Saturday and the Little Falls Transcript takes exception in decided tones.

The Transcript got out its regular edition and then flashed forth with a Lindbergh extra.

CROSS CROSSINGS CAUTIOUSLY

CROSS crossings cautiously. Remember there is just one person who can positively prevent every crossing accident—the driver of the automobile. Recognize your responsibility for the safety of those you have in your car. Life is too precious to be lost as a penalty for hurry or hunger for thrills.—Albert Lea Tribune.

THE Federal Radio Commission has announced allocation of frequencies and power outputs for all broadcasting stations of the country, to take effect on June 1. The new licenses will supplant the present temporary permits and will run for 60 days during which the new allocations can be tested by actual practice.

Good prices should rule in farm products.

BRAINERD
25 YEARS AGO

From the Daily Dispatch

May 31, 1902

Mr. and Mrs. George D. LaBar will leave tomorrow night for Minneapolis where they will join the delegation of Zuhrah Temple A. A. O. N. M. S. and their wives on a trip to San Francisco to attend the twenty-eighth annual meeting of the Imperial council. Mr. and Mrs. LaBar expect to visit other points of interest on the coast and will not return for three or four weeks.

Mrs. P. B. Nettleton and daughter arrived in the city this afternoon from Minneapolis. Miss Nettleton is a student at the University of Minnesota and comes to Brainerd to spend her vacation.

Yesterday afternoon a party of young people enjoyed a ride to Gilbert Lake where a few pleasant hours were spent. In the party were the Misses Onolee McCullough, Blanche Coventry, Florine Merritt, Jessie Tyler, Kitty Walker, and Messrs. James Nielson, J. Ralph Nevers, C. A. Albright, Clark Smith and J. H. Koop.

Special Detective McFetridge of the Northern Pacific was in the city over Decoration day leaving this afternoon for St. Paul.

Russell and Avery Cass leave tonight for Minneapolis for a brief visit.

Mrs. W. H. Gemmell and baby left this afternoon in Manager Gemmell's private car for St. Paul.

NEW TELEPHONE
DIRECTORY OUT

Now Being Delivered to Subscribers,
Delivery Completed by
June 6

In Last Two Months 222 Changes
Recorded, 73 New Telephones
Added

The June issue of the Brainerd telephone directories, printed on Brainerd Dispatch presses is now being delivered to subscribers and the work should be completed by June 6. It will be appreciated if they call the telephone company managers office if they fail to receive their copy.

Many changes have been made and new subscribers have been added since the last issue. In the last two months 222 changes were made and 73 new telephones were added.

"It is the earnest and sincere desire of the Northwestern Bell Telephone Co. to give the Brainerd subscribers the best service obtainable and their cooperating in reporting any difficulties to the manager's office will be greatly appreciated," said Henry D. Hoffmann.

The public can be of great assistance by always referring to the directory of the last issue.

MRS. E. E. TAYLOR DIES

One of Merrifield's Best Known
Residents Succumbs to
Heart Trouble

Mrs. E. E. Taylor, one of Merrifield's best known residents, died suddenly this morning at 7 o'clock, death being caused by heart trouble. Mrs. Taylor was Miss Florence Besse Jequeth before her marriage and was 49 years of age. She was born June 12, 1878.

Her mother who resides with Mr. Jaqueth at Marion, Ia., was with her at the time of her death.

Bethlehem Lutheran Ladies Aid
The ladies aid of the Bethlehem Lutheran church will meet in the church assembly rooms Thursday afternoon at 3 o'clock. Hostesses will be Mrs. M. Gudmanson and Mrs. Chas. Peterson. Friends are cordially invited.

That's what makes the judge kin to every member of the printers ink fraternity and they in turn with the lawyers and judges and in fact all people of this section join in extending their sympathy to the judge in his illness.

When the arduous duties of the bench permitted, the judge has given freely of his time and energy to address many gatherings in the district. We remember a splendid speech he made on the occasion of the Northern Minnesota Editorial convention at Bemidji, and again in recent years, the address he made at Brainerd Rotary describing the trip of the lawyers to a convention of the American Bar Association in England.

His recent decision on the veto procedure of Governor Christianson in the judges salary bill received the undivided attention of the whole state of Minnesota. His decisions are marked by that clarity of expression so that even a layman can become fully cognizant of their import.

NUISANCE TAXES

THE revenue act of 1924 provided a rate on admissions to theatres of one cent on each ten cents or a fraction on the amount paid on each ticket in excess of fifty cents. In 1925 the exemption was increased to seventy-five cents. The recent report of internal revenues shows that during the last nine months ending March 31 the collections were more than \$13,000,000, a drop of three and one-half million dollars for the corresponding period of 1926. The Government also received for the past year from club dues and fees a total of \$7,350,000. Many newspapers that have been publishing the above item of official news have vented their editorial wrath on the nuisance taxes.—Park Rapids Enterprise.

APPROVES TRAFFIC CODE

THE session of the Minnesota Legislature that has just come to a close is to be commended for the passage of the new traffic code that is intended to protect life and limb of the people who are obliged to use our streets and highways. The new code as a law is practically perfect, but have we officers with stamina enough to see that its provisions are enforced?—Jackson Pilot.

NOT IN SUBURB CLASS

SOMEbody, some paper, something or other tried to put Little Falls in the suburb class last Saturday and the Little Falls Transcript takes exception in decided tones.

The Transcript got out its regular edition and then flashed forth with a Lindbergh extra.

CROSS CROSSINGS CAUTIOUSLY

CROSS crossings cautiously. Remember there is just one person who can positively prevent every crossing accident—the driver of the automobile. Recognize your responsibility for the safety of those you have in your car. Life is too precious to be lost as a penalty for hurry or hunger for thrills.—Albert Lea Tribune.

THE Federal Radio Commission has announced allocation of frequencies and power outputs for all broadcasting stations of the country, to take effect on June 1. The new licenses will supplant the present temporary permits and will run for 60 days during which the new allocations can be tested by actual practice.

GOOD prices should rule in farm products.

BRAINERD

25 YEARS AGO

From the Daily Dispatch

May 31, 1902

Mr. and Mrs. George D. LaBar will leave tomorrow night for Minneapolis where they will join the delegation of Zuhrah Temple A. A. O. N. M. S. and their wives on a trip to San Francisco to attend the twenty-eighth annual meeting of the Imperial council. Mr. and Mrs. LaBar expect to visit other points of interest on the coast and will not return for three or four weeks.

Mrs. P. B. Nettleton and daughter arrived in the city this afternoon from Minneapolis. Miss Nettleton is a student at the University of Minnesota and comes to Brainerd to spend her vacation.

Yesterday afternoon a party of young people enjoyed a ride to Gilbert Lake where a few pleasant hours were spent. In the party were the Misses Onolee McCullough, Blanche Coventry, Florine Merritt, Jessie Tyler, Kitty Walker, and Messrs. James Nielson, J. Ralph Nevers, C. A. Albright, Clark Smith and J. H. Koop.

Special Detective McPetridge of the Northern Pacific was in the city over Decoration day leaving this afternoon for St. Paul.

Russell and Avery Cass leave tonight for Minneapolis for a brief visit.

Mrs. W. H. Gemmell and baby left this afternoon in Manager Gemmell's private car for St. Paul.

NEW TELEPHONE DIRECTORY OUT

Now Being Delivered to Subscribers.
Delivery Completed by June 6

In Last Two Months 222 Changes Recorded, 73 New Telephones Added

The June issue of the Brainerd telephone directories, printed on Brainerd Dispatch presses is now being delivered to subscribers and the work should be completed by June 6. It will be appreciated if they call the telephone company managers office if they fail to receive their copy.

Many changes have been made and new subscribers have been added since the last issue. In the last two months 222 changes were made and 73 new telephones were added.

"It is the earnest and sincere desire of the Northwestern Bell Telephone Co. to give the Brainerd subscribers the best service obtainable and their cooperating in reporting any difficulties to the manager's office will be greatly appreciated," said Henry D. Hoffmann.

The public can be of great assistance by always referring to the directory of the last issue.

MRS. E. E. TAYLOR DIES

One of Merrifield's Best Known Residents Succumbs to Heart Trouble

Mrs. E. E. Taylor, one of Merrifield's best known residents, died suddenly this morning at 7 o'clock, death being caused by heart trouble. Mrs. Taylor was Miss Florence Besse Jequeth before her marriage and was 49 years of age. She was born June 12, 1878.

Her mother who resides with Mr. Jequeth at Marion, Ia., was with her at the time of her death.

CALLAHAN WINS DECISION OVER MYERS

TODAY MUSHY AIMS AT BOUT WITH MANDELL

LITTLE QUESTION OF CALLAHAN'S SUPERIORITY LAST NIGHT

FOR 10 ROUNDS HE SPOTTED LEFTS AND RIGHTS AT IDAHO BOXER

By CLARK B. KELSEY
(United Press Staff Correspondent)
Chicago, June 1.—Mushy Callahan, a weaving and graceful little boxer who punches equally well with either hand, today aimed at a championship bout with Sammy Mandell, present king of the lightweight.

Callahan is the junior welterweight champion, and he successfully defended his title against Spug Myers of Idaho last night, but his eyes are more towards the lucrative lightweight division than at his own somewhat synthetic championship. Jim Mullen, main boxing promoter in Chicago, has announced he will attempt to induce Mandell to meet Callahan this summer.

There was little question last night of the superiority of Callahan in his bout with Myers. For 10 rounds the champion spotted lefts and rights at the Idaho boxer. Every blow was stinging but none carried sufficient smash to down Myers, who was a rugged battler.

Myers held Callahan to rather an even basis in the first round but from then on the champion pelted hard lefts and harder rights to Myers. His main blow was a ripping left to the body which time and time again sent Myers reeling to the ropes.

The Idaho boy put over some stiff punches but Callahan covered successfully without the blows having too much effect.

It was the first outdoor bout of the summer season. Despite a warm night and a championship go, the crowd was limited to about 8,000 with the gate receipts totalling only about \$35,000.

JACK SHARKEY PUTS OUT FEELER FOR TUNNEY BOUT

New York, June 1.—(UP)—Jack Sharkey, who became a leading contender for the heavyweight championship by his knockout of Jim Maloney, planned to meet Tex Rickard today in a conference out of which may grow a title bout with Gene Tunney.

Rumors that Jack Dempsey had decided to abandon his attempted ring comeback have grown stronger. Rickard admitted he had not heard from Dempsey, who has been training in California, for some time, but said he still believed the former champion will re-enter the ring. If Dempsey does decide to try his luck again, he will meet Sharkey in an elimination contest.

Otherwise Sharkey is expected to be matched against the champion without the formality of another elimination bout inasmuch as there isn't anybody in particular to eliminate.

YOU ARE INVITED TO THE OPENING OF THE NEW Gamble Auto Supply Co.

616 FRONT STREET

SATURDAY, JUNE 4

We Are Indeed Happy to Announce the Opening of This Store

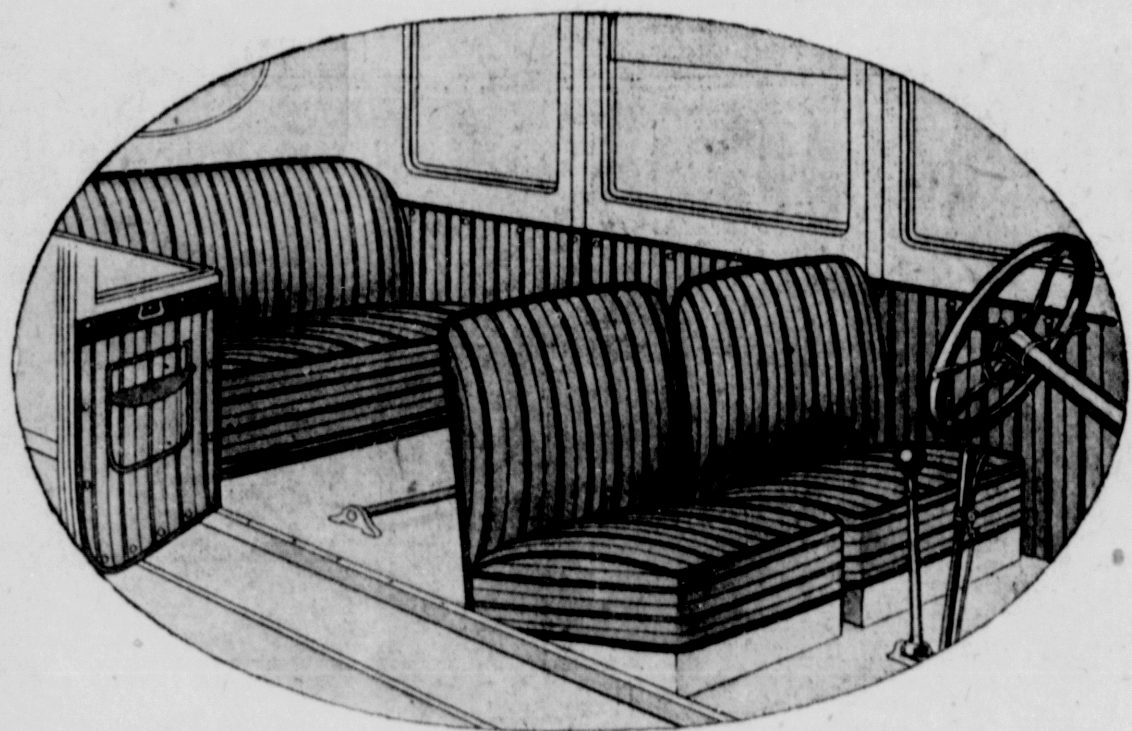

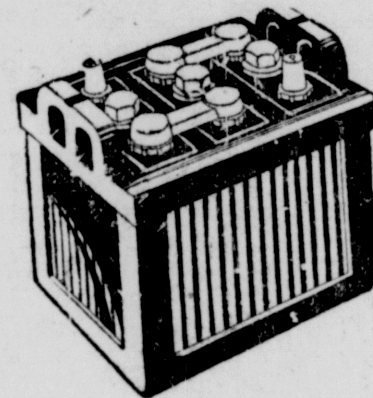

Brainerd has been selected after a careful survey of Minnesota cities. The possible future growth and its importance as a trade center were deciding factors.

The purpose of this store is to give you the opportunity to select your auto supplies from a complete stock right in your own city at our usual mail order prices.

We suggest that you compare our catalog prices with other well known mail order houses. You can buy at our local store and save the transportation. This affords the opportunity of knowing that the quality is of the best before making the purchase. Satisfaction goes with every purchase. Please feel free to make the most of this by returning any article that is not entirely satisfactory.

WRITE OR ASK FOR OUR NEW CATALOG

THEY'RE NEW!

"Gamble" Automobile Seat Covers

Rich and beautiful new seat covers are now available for your car at unusually low prices.

They are made of strong standard fabric in interesting patterns. Each set is guaranteed to fit, permitting easy removal for cleaning purposes. They are strongly reinforced with Spanish Art Leather to harmonize with the fabric. Special fasteners are provided for steel bodies.

Enhance the value of your car and eliminate for all time the dust, grease and unsightly appearance of soiled upholstery. When ordering Gamble Seat Covers be sure and state the name of your car, model number of your car, and year of car. Standard 1926 cars—

Gamble Seat and Door Covers	
Ford—Coupe	\$4.45
Roadster	\$3.65
Tudor or Fordor	\$7.75
Touring	\$6.75

GAMBLE AUTO SUPPLY CO.
616 Front Street

An Important Announcement to Every Car Owner

The G & J Balloon

A true balloon tire, built to render long and comfortable service at true low pressure. Its wide, flat tread gives longer wear, and better traction and anti-skid protection.

G & J Heavy Service Cord Tires

Assurance of long, uninterrupted tire service and low cost tire service on trucks, busses and heavy passenger cars. In such use G & J Heavy Service Cords will prove themselves equal to any task set for them.

WE are glad to announce that we have become distributors for the famous G & J line of automobile tires.

Thousands of car owners in this city know the long-established reputation of these tires.

In fact, so faithful has been the quality of G & J Tires for nearly a quarter of a century, that they are spoken of everywhere as "Good Old G & J."

It is known among tire experts that G & J Tires have embodied all of the greatest improvements in tire building since 1902. In many cases they have led in advancements in the industry.

Today, G & J Tires are made in the most modern tire factory in the world—by the most modern manufacturing methods developed by science.

We are proud to stand behind a tire that gives the motorist the exceptional service of G & J. Mileage is built into every tire in the line, which includes a tire for every need.

The G & J Balloon Cord shown at the left is a balloon tire in the truest sense of the word. It is made of a cord fabric which is equalled in few tires for its ideal combination of great strength and exceptional flexibility. Note the wide, flat tread which reduces wear per square inch and affords greater traction and anti-skid protection.

At the right is shown the G & J Heavy Service Cord. Here is a tire that is scientifically built to stand up under severe service on trucks, busses and heavy passenger cars. It is a tire that will give low cost operation wherever the going is hard.

We fully recommend in addition to the G & J Balloon and Heavy Service Cords, the following: "G" Tread Balloon, G & J Cords, G & J 30 x 3 1/2 "G" Tread Cords, G & J 30 x 3 and 30 x 3 1/2 "G" Tread Fabrics, G & J Red and Gray Tubes and G & J Heavy Service Red Tubes. Let us help you to solve the tire problem.

The Good Old

TIRES & TUBES

NOTE—The G & J Tire Company was organized in 1892 to build bicycle tires. It began building automobile tires in 1902 and in 1903 produced the first cord automobile tire. G & J stands for Gormally and Jeffrey.

The "G" Tread Balloon

A tire of rare economy for the car owner who does not require the extra service of regular G & J Balloons. Ideal for Fords and other light cars.

G & J "G" Tread Cords for Fords

Ford Owners will find G & J "G" Tread Clincher Cord Tires ideal. They offer real economy in tire service. (Made in 30 x 3 and 30 x 3 1/2 sizes.)

175 DELEGATES COMING TO CREAMERY MEETINGS

15th District Minnesota Cooperative Creamery Association Convention

HERE ALL TOMORROW

40 Creameries Represented; Association Includes 50,000 Farmers

Tomorrow at 9 a. m. the Fifteenth District Minnesota Cooperative Creamery Association convenes at the Chamber of Commerce rooms for an entire day session with 175 delegates from 40 different creameries in attendance.

The district embraces a territory including that of Duluth, International Falls, Motley and Royalton with a possible membership of 50,000 farmers.

The following committee has charge of arrangements: V. W. Lockwood, of Motley who is also president of the district association; Anton Nelson, of Little Falls and L. A. McCulloch, Brainerd.

The morning session will include a business meeting, in which a resume of the year's work will be given, election of officers and general routine business.

At noon the visitors will be the guests of the Chamber of Commerce at a luncheon.

The afternoon will be given over to addresses, the principal one to be given by John Brandt, president of the Land O' Lakes Association of Minneapolis. Mr. Brandt will speak on the methods of handling and selling cream and butter. Brainerd business men are invited to the meetings.

HIGH SCHOOL COMMENCEMENT

Tickets on Sale at Box Office of Park Theatre Two Days This Week

ALSO EVENING, JUNE 4

Dr. Cowling, President Carleton College, Commencement Speaker

Tickets for high school commencement will be on sale at the box office of the Park theatre from 4 to 6 p. m. on Thursday and Friday of this week, and also on commencement evening, Saturday, June 4.

The program will begin at 8 o'clock with Dr. Cowling, president of Carleton college giving the commencement address.

On account of the large membership of the graduating class and the reservations made for parents of the graduates, school board and teachers, a very large block of tickets have been reserved before the sale to the general public.

400 EXPECTED ON GYPSY TOUR

Representatives of Gopher State Motorcycle Club Look Over Brainerd Sites

CONVENTION JUNE 18, 19

Hill Climbing, Stunt Riding, Turf Boat Riding, Jumping, on Bill

Representatives from the Gopher State Motorcycle club were in the city Sunday looking over sites for the staging of a hill climbing contest in connection with the GYPSY tour to Brainerd on June 18, 19.

The motorcycle men were unable to find a hill steep enough for the contest on their Sunday trip but will return to the city within a week to look over all possible hills with the view in mind of securing the one with the steepest incline.

The local organization have volunteered their services in the clearing of the hill when found. The following committee are in charge of local arrangements: Harry A. H., chairman; Carl Peterson, secretary; Merle Congdon.

It is expected that over 400 motorcycle men from Minnesota, North and South Dakota, Wisconsin, and Manitoba, will be in attendance and compete in the hill climbing event and other competitions. There will be stunt riding, turf board riding, jumping, fuel economy tests. There will be a banquet Saturday night.

Bethlehem Evangelical Aid

The ladies aid of the Bethlehem Evangelical church, corner Main and Bluff will give an entertainment at the church basement on Thursday, June 2 at 7:45 p. m. The program will be as follows:

Song.
Dialogue—Hiring a Maid.
The new cooking class.
Dialogue—Curing Jack.
Solo—The Irish Stev.
Dialogue—If I were the President.
Everyone is cordially invited to attend.

MOONLIGHT GARDEN PLOT TO BE BARED

Brainerd Municipal Band to Make Initial Park Concert Debut Tonight

AT GREGORY PARK

High up in the Hills, Harmonious Watches 50 Million Frenchmen

One gala night, 50 million Frenchmen in a moonlight garden with a scarlet king at evening time were sliding some to the tune of "Mission of Love" while high, high up in the hills, Harmonious in feminine frills watched enviously through rain clouds.

It's not that this setting will be staged this evening but starting at 8 o'clock music will play an important part in its presentation to the public of Brainerd.

For tonight the Brainerd Municipal band make their bow in their initial park band concert of the season. The concert will take place at Gregory park, and a large number of people will be in attendance.

W. R. Hiler, director, announces the following program for this evening:

1. "Gopher State March"—Kruger.
2. Overture, "Gala Night"—Chenette.
3. Fox trot—"50 Million Frenchmen."
4. Intermezzo, "In a Moonlight Garden"—King.
5. Overture, "Scarlet King"—Jewell.
6. Serenade, "At Evening Time"—Jewell.
7. Trombone novelty—"Sliding Some."
8. Waltz, "Mission of Love"—Russell.
9. Fox trot—"High, High Up in the Hills."
10. "Feminine Frills"—Smith.
11. Overture, "Harmonious"—Galuska.
12. March, "Rain Clouds"—Murphy.
13. Star Spangled Banner.

Now Is the Time to Get a Bathing Suit

Maybe you have a "rep" as a swimmer. Or maybe you're just hitting your stride. Anyway, although a fine bathing suit can't make you swim, it will help a lot. Color, brilliant and arresting, plays such a large part in the panorama of the present season. Style has not, by any means, been overlooked. One and two piece suits of all wool yarns in the leading colors.

PROTECTION FOR THE WIFE

More and more men are coming to realize the wisdom of so arranging their affairs that in case of death their wives will not be handicapped by lack of knowledge of the husband's affairs. Such men also place their property in such shape that so far as possible and practicable, probate proceedings are not necessary.

Let the good wife share full knowledge of your business. Talk everything over with her, and then if you should be taken she will be well prepared to take care of herself and of the estate.

Drive the "70"

and you'll truly appreciate "70" Leadership

ONCE you have thrilled to the Chrysler "70's" responsiveness which neverfailingly swishes you into the lead—

Once you have enjoyed its lithe ease and smoothness that makes seventy on the speedometer seem as effortless as thirty-five—

Once you have felt its instant obedience to your slightest touch on the steering wheel, its relaxing comfort, and the assurance of its hydraulic four-wheel brakes—

You'll understand why the sweeping public preference for the "70" has made every other motor car builder in its price field strive to equal the marvelous performance which has built Chrysler's great reputation.

Allow us to place a "70" at your disposal for a real demonstration—you to select the route and to drive, if you wish, in the way you are accustomed to drive.

Now Is the Time to Get a Bathing Suit

Maybe you have a "rep" as a swimmer. Or maybe you're just hitting your stride. Anyway, although a fine bathing suit can't make you swim, it will help a lot. Color, brilliant and arresting, plays such a large part in the panorama of the present season. Style has not, by any means, been overlooked. One and two piece suits of all wool yarns in the leading colors.

Priced at from \$3.00 to \$7.00

PROTECTION FOR THE WIFE

More and more men are coming to realize the wisdom of so arranging their affairs that in case of death their wives will not be handicapped by lack of knowledge of the husband's affairs. Such men also place their property in such shape that so far as possible and practicable, probate proceedings are not necessary. Let the good wife share full knowledge of your business. Talk everything over with her, and then if you should be taken she will be well prepared to take care of herself and of the estate.

Drive the "70" and you'll truly appreciate "70" Leadership

ONCE you have thrilled to the Chrysler "70's" responsiveness which neverfailingly swishes you into the lead—

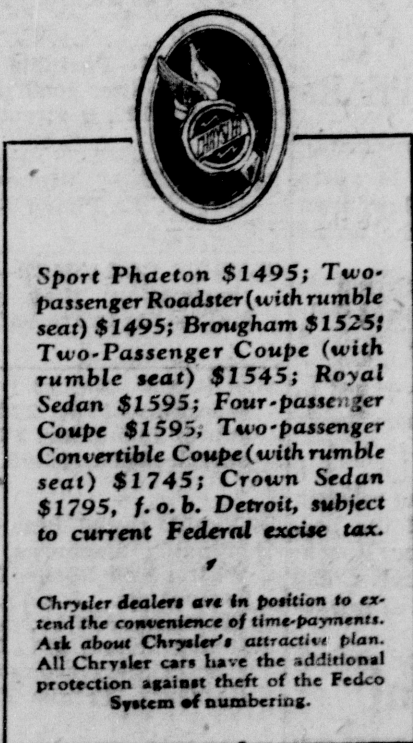

Once you have enjoyed its lithe ease and smoothness that makes seventy on the speedometer seem as effortless as thirty-five—

Once you have felt its instant obedience to your slightest touch on the steering wheel, its relaxing comfort, and the assurance of its hydraulic four-wheel brakes—

You'll understand why the sweeping public preference for the "70" has made every other motor car builder in its price field strive to equal the marvelous performance which has built Chrysler's great reputation.

Allow us to place a "70" at your disposal for a real demonstration—you to select the route and to drive, if you wish, in the way you are accustomed to drive.

N. E. DEFEATS 'Y' IN CLOSE BATTLE BY 3 TO 2 SCORE

GAME DEVELOPS INTO PITCHING DUEL BETWEEN JARBO AND ENGBRETSON

N. E. SCORES THREE IN INITIAL FRAME; 'Y' COLLECTS SEVEN HITS

Northeast Brainerd gained undisputed possession of top place in the city baseball league last evening by defeating the Y. M. C. A. representatives by the count of 3 to 2. The game developed into a pitching duel with Jarbo striking out nine opposing players. Engbretson was credited with five strikeouts, allowing only four hits.

N. E. scored in the opening frame when Swanson walked. Then sacrificed and H. Swanson hit for two bases, scoring A. Swanson. Howard singled to center, scoring H. Swanson and Gordon reached first on a fielder's choice. Howard scored on Ringer's error.

The 'Y' boys counted in the first inning also when Nutting went to first on Elling's error, advanced and scored on Ringer's single.

The fifth found the 'Y' counting their last run, when Erickson doubled to center field and scored on Nutting's single.

Northeast will meet the South Side team tonight at 6:15 o'clock.

JUDGE SUGGESTS HOW CRIME MAY BE DECREASED

St. Paul, June 1.—(UP)—Crime would be decreased greatly if children were given instruction in property rights in the opinion of Judge Oscar Hallam, member of the state crime commission.

Judge Hallam, in an address here Tuesday, declared failure to so instruct the youth of the state was responsible in a large degree for violations of laws.

The grand jury system was scored by the speaker as a means of granting delay in punishment of criminals.

Judge Hallam declared that if a person committed a crime in July he would not be permitted to plead guilty until the meeting of the grand jury in October.

"By that time," he said, "it is an easy matter for him to change his mind about his guilt and plead not guilty."

DOCTOR WANTS TO TEST INDIANA DRY ZONE LAW

Indianapolis, Ind., June 1.—(UP)—A physician who administered medicinal whiskey to a patient on a train while it was passing through Indiana today begged to be arrested.

Dr. L. C. Lindinger, Cleveland, Ohio, wrote his request to Attorney General Arthur L. Gilliom and said he wanted to be arrested and made the subject of a test of Indiana's Wright zone dry law, under which prescription or use of medicinal whiskey is illegal.

Gilliom recently asked Gov. E. D. Jackson to urge modification of the law revealing that the lives of Mrs. Jackson and three children had been saved by whiskey illegally procured.

BASEBALL'S BIG FOUR

Babe Ruth went on another rampage and hit his fifteenth and sixteenth home runs along with a double and a single. He was at bat ten times.

Hornsby connected twice in four attempts for a triple and a double. Ty Cobb had three consecutive singles to his credit in the second game of the Yankee-Athletic bill, but failed to hit safely in the same amount of tries the first game.

Tris Speaker got a pair of singles in four times up.

Averages:

	AB	H	Pct.	Ing	Runs
Cobb	145	56	.384	1000	1
Hornsby	145	54	.372	958	8
Ruth	155	54	.348	968	16
Speaker	140	44	.314	980	0

NO CLUB HAS A COMMANDING PLACE IN LEAGUE

ANY CLUB LEADER MAY BE SHOVED OUT OF PLACE

PIRATES AND YANKEES ON TOP AT THE PRESENT WRITING

By PAUL W. WHITE (United Press Staff Correspondent) New York, June 1.—As the third month of the baseball season opens, no club in either league has shown sufficient strength to amass a lead that could not be overcome in less than a week.

The Pittsburgh Pirates, showing their heels to opposition in the National League, have an advantage of three and one half games over the second place Chicago Cubs; the New York Yankees on top in the American League, lead the Chicago White Sox by only one and a half games.

The situation is surprising, as the Pirates have just completed an 11-straight winning streak, and the Yankees have been playing rings around most of their opponents.

The tenacity of the two Chicago teams has been the most unexpected development of the season. Baseball men are wont to say that the Cubs and White Sox are "over their heads" but their play has been so consistent many fans wonder whether they can be so easily dismissed.

The April and May games do not decide a pennant, but it's already obvious that the 1927 season in both leagues is likely to produce close races.

The Cardinals are only half a game back of the Cubs and the faltering giants another half game back of the Cards. In the junior circuit the Athletics are two and a half games behind the White Sox and lead the Senators by one and a half games.

In the Wall Street commission houses, where odds on the major league teams are quoted throughout the year, the Yankees today were listed at 2½ to 1 show to win the pennant. The Athletics, at 4 to 1 despite their failure to live up to expectations in the early games, were in second place.

The Pirates, Giants and Cards were established around 3 to 1, with most of the play made on New York. The Giants always will have a strong following as long as they have a chance at the championship.

Baseball calculations for the year are likely to be upset by the abundance of double headers to come later in the summer. The spring has been so cold and wet that 73 postponements have come in the two major leagues. The National League must make up 42 lost games and the American League 31.

VAN ORMAN WINNER OF NATIONAL BALLOON RACE IN GOODYEAR V

Akron, O., June 1.—(UP)—Ward T. Van Orman, pilot of the Goodyear V today was officially declared winner of the national balloon race which started here Monday with a field of fifteen entrants.

Van Orman landed near Bar Harbor, Me., a distance of 710 miles from Akron.

Edward J. Hill, the last of the pilots to report, was down at Skowhegan, Me., 665 miles away and thereby won second place.

The honor of third place on the American team for the international balloon race went to Capt. W. E. Kepner of army balloon No. 3 who grounded at Biddeford, Me., a flight of 610 miles.

LUNGS COLLAPSE WHILE SUFFERING FROM PNEUMONIA

Richmond, Calif., June 1.—(UP)—His lungs having collapsed during an attack of lobar pneumonia, Harold Purviance, 32, has been kept alive since 3 a. m. Monday by members of the fire department here through artificial respiration.

The firemen are working in shifts of three with the oxygen inhalator. Purviance's condition was considerably improved today, physicians said.

TAYLOR DOUTHIT RAPS OUT TIMELY HOMER YESTERDAY

VICTORY PUTS ST. LOUIS CARDINALS IN SECOND PLACE

BOB MCGRAW SHUTS OUT CINCINNATI WITH FIVE HITS

(By United Press) Yesterday's hero—Taylor Douthit, outfielder for the St. Louis Cardinals, whose home run in the eighth inning gave the St. Louis Cardinals a 1-0 victory over Cincinnati.

The victory put the world champions in second place in the National League race as the Cubs lost to Pittsburgh.

Bob McGraw, castoff of the Brooklyn Dodgers, shut Cincinnati out with five hits.

Johnny Neun, sub first baseman of the Detroit Tigers, made an unassisted triple play as the Tigers defeated Cleveland 1-0. Myatt was on second and Jamieson off first, and Neun raced to second before Myatt could get back to the base.

Babe Ruth and Buster Gehrig, leading home run hitters in the American League, increased their total in a double slugfest that the Yankees took from the Athletics 10-3 and 18-5. Ruth got two home runs ending his season's total to 16. He hit one home run in each game.

Jess Petty held the Braves to six hits and the Dodgers took their third successive game of the series, 3-2. Four successive singles in the seventh inning sent over the tying and winning runs for the Dodgers.

The Red Sox scored three runs in the opening inning against Washington which was sufficient for victory. The final score was 4-1. Boston was outbit 7 to 5 but a wild throw in the opening inning aided in bringing in two runs.

The White Sox strengthened their hold on second place in the American League by defeating the Browns, 7-2. Blankenship kept the seven St. Louis hits well scattered while the Sox took a liking to the offerings of both Sam Jones and Elam Vangilder.

Joe Harris, castoff of the American League, hit safely in five times at bat and the Pittsburgh Pirates kept up their winning streak by defeating Chicago, 10-9. The Pirates got seventeen hits off two Cub pitchers. The defeat sent Chicago into third place.

Five runs in the seventh inning and four additional runs in the eighth gave the Giants a 13-4 victory over Philadelphia, after the Phillies had knotted the count at four and four in their half of the seventh inning.

LAKE REGION BASEBALL CLUB SETS SCHEDULE

Teams From Pierz, Pillager, Upsala, Randall, Swanville, Motley, Brainerd, Little Falls

Four Games Will Be Played Each Sunday in First Half of Season

At a recent meeting of the Lake Region Baseball club held at Little Falls the following towns were represented: Pierz, Pillager, Upsala, Randall, Swanville, Motley, Brainerd, Little Falls.

The following playing schedule was outlined:

May 29	Pierz at Pillager.
	Upsala at Randall.
	Swanville at Motley.
	Brainerd at Little Falls.
June 5	Little Falls at Pierz.
	Motley at Upsala.
	Randall at Swanville.
	Pillager at Brainerd.
June 12	Pierz at Randall.
	Upsala at Little Falls.
	Swanville at Pillager.
	Brainerd at Motley.
June 19	Motley at Pierz.
	Pillager at Upsala.
	Little Falls at Swanville.
	Randall at Brainerd.
June 26	Pierz at Upsala.
	Motley at Little Falls.
	Pillager at Randall.
	Swanville at Little Falls.
July 3	Upsala at Swanville.
	Brainerd at Pierz.
	Little Falls at Pillager.
	Randall at Motley.
July 10	Randall at Little Falls.
	Pillager at Motley.
	Pierz at Swanville.
	Upsala at Brainerd.

Stillwater, Minn.—The Stillwater chapter of the Izaak Walton league, during 1926, planted 489,000 fry and fingerling fish, pike, crappies, bass, sunfish, trout and perch in the lakes and streams of Washington county, it was disclosed in a report read at the spring meeting of the organization.

Richard Dix and Mary Brian in the Malcolm St. Clair Production, 'Knockout Reilly', A Paramount Picture

Strong Support for Star in Newest Film

"Knockout Reilly," Richard Dix's newest Paramount starring effort directed by Malcolm St. Clair, arrived at the Lyceum theatre today.

Dix has an especially strong cast supporting him in this picture, the story of a young steel puddler who

lights his way to ring fame at the instigation of a girl with whom he falls in love. Mary Brian but lately featured in "Beau Geste," is here featured as Mary Malone, cabaret entertainer whose brother Pat is the dethroned pugilistic champion. Jack Renault, the well-known boxer is cast as Killer Agerra the new champion and the cause of the Dix troubles.

MARTIN HAEFNER INJURED

Struck by Old Touring Car, Breaking His Leg

Martin Haefner of 716 South Fourth street, while walking home on the road south of Merrifield, Monday evening, was struck by an old model touring car breaking his leg.

The car contained three men who immediately stopped and took him to Brainerd where Dr. C. E. Anderson was called. The names of the men were not learned.

BOYCOTT AGAINST AMERICAN GOODS

Washington, June 1.—(UP)—A boycott against American goods has been instituted in Mexican government departments, according to a report to the state department today from Ambassador Sheffield, confirming press dispatches.

Secretary Kellogg said he had not been informed of Mexico's reasons for this action. He intimated this government, under its embargo against arms shipments to Mexico, had recently refused export permits desired by the Mexican government.

WOMAN PAPER VENDOR DISAPPEARS

St. Louis, Mo., June 1.—(UP)—Mrs. Mary K. Floading, who for 14 years has sold newspapers on a downtown corner, disappeared from the usual stand today.

The woman was known to thousands of St. Louisans who daily bought their papers from her. She had enlisted their sympathy.

Mrs. Floading sold out for \$1,300 to retire to a 20-acre farm she owns near the city.

St. Cloud, Minn.—When she reached for her doll on the edge of the bed, ten-month-old Shirley Ann Rosenberger fell to the floor, and a day later was dead as the result of a fractured skull.

N. E. DEFEATS 'Y' IN CLOSE BATTLE BY 3 TO 2 SCORE

GAME DEVELOPS INTO PITCHING DUEL BETWEEN JARBO AND ENGBRETSON

N. E. SCORES THREE IN INITIAL FRAME; 'Y' COLLECTS SEVEN HITS

Northeast Brainerd gained undisputed possession of top place in the city baseball league last evening by defeating the Y. M. C. A. representatives by the count of 3 to 2. The game developed into a pitching duel with Jarbo striking out nine opposing players. Engbretson was credited with five strikeouts, allowing only four hits.

N. E. scored in the opening frame when Swanson walked. Then sacrificed and H. Swanson hit for two bases, scoring A. Swanson. Howard singled to center, scoring H. Swanson and Gordon reached first on a fielder's choice. Howard scored on Ringer's error.

The "Y" boys counted in the first inning also when Nutting went to first on Elling's error, advanced and scored on Ringer's single.

The fifth found the "Y" counting their last run, when Erickson doubled to center field and scored on Nutting's single.

Northeast will meet the South side team tonight at 6:15 o'clock.

JUDGE SUGGESTS HOW CRIME MAY BE DECREASED

St. Paul, June 1.—(UP)—Crime would be decreased greatly if children were given instruction in property rights in the opinion of Judge Oscar Hallam, member of the state crime commission.

Judge Hallam, in an address here Tuesday, declared failure to so instruct the youth of the state was responsible in a large degree for violations of laws.

The grand jury system was scored by the speaker as a means of granting delay in punishment of criminals.

Judge Hallam declared that if a person committed a crime in July he would not be permitted to plead guilty until the meeting of the grand jury in October.

"By that time," he said, "it is an easy matter for him to change his mind about his guilt and plead not guilty."

DOCTOR WANTS TO TEST INDIANA DRY ZONE LAW

Indianapolis, Ind., June 1.—(UP)—A physician who administered medicinal whiskey to a patient on a train while it was passing through Indiana today begged to be arrested.

Dr. L. C. Lindinger, Cleveland, Ohio, wrote his request to Attorney General Arthur L. Gilliom and said he wanted to be arrested and made the subject of a test of Indiana's Wright zone dry law, under which prescription or use of medicinal whiskey is illegal.

Gilliom recently asked Gov. E. D. Jackson to urge modification of the law revealing that the lives of Mrs. Jackson and three children had been saved by whiskey illegally procured.

Cooperstown, N. D.—The annual two-week Bible Conference Camp held southeast of here will open June 19, according to Ludvig R. Lund, pastor of the Sharon Evangelical church.

BASEBALL'S BIG FOUR

Babe Ruth went on another rampage and hit his fifteenth and sixteenth home runs along with a double and a single. He was at bat ten times.

Hornsby connected twice in four attempts for a triple and a double.

Ty Cobb had three consecutive singles to his credit in the second game of the Yankee-Athletic bill, but failed to hit safely in the same amount of tries the first game.

Tris Speaker got a pair of singles in four times up.

Averages:

	AB	H	Pct	Field	Home
Cobb	146	56	.384	1000	1
Hornsby	145	54	.372	.958	8
Ruth	155	54	.348	.968	16
Speaker	140	44	.314	.980	0

NO CLUB HAS A COMMANDING PLACE IN LEAGUE

ANY CLUB LEADER MAY BE SHOVED OUT OF PLACE

PIRATES AND YANKEES ON TOP AT THE PRESENT WRITING

By PAUL W. WHITE
(United Press Staff Correspondent)

New York, June 1.—As the third month of the baseball season opens, no club in either league has shown sufficient strength to amass a lead that could not be overcome in less than a week.

The Pittsburgh Pirates, showing their heels to opposition in the National League, have an advantage of three and one half games over the second place Chicago Cubs; the New York Yankees on top in the American League, lead the Chicago White Sox by only one and a half games.

The situation is surprising, as the Pirates have just completed an 11-straight winning streak, and the Yankees have been playing rings around most of their opponents. The tenacity of the two Chicago teams has been the most unexpected development of the season. Baseball men are wont to say that the Cubs and White Sox are "over their heads" but their play has been so consistent many fans wonder whether they can be so easily dismissed.

The April and May games do not decide a pennant, but it's already obvious that the 1927 season in both leagues is likely to produce close races.

The Cardinals are only half a game back of the Cubs and the faltering giants another half game back of the Cards. In the junior circuit the Athletics are two and a half games behind the White Sox and lead the Senators by one and a half games.

In the Wall Street commission houses, where odds on the major league teams are quoted throughout the year, the Yankees today were listed at 2½ to 1 shots to win the pennant. The Athletics, at 4 to 1 despite their failure to live up to expectations in the early games, were in second place.

The Pirates, Giants and Cards were established around 3 to 1, with most of the play made on New York. The Giants always will have a strong following as long as they have a chance at the championship.

Baseball calculations for the year are likely to be upset by the abundance of double headers to come later in the summer. The spring has been so cold and wet that 73 postponements have come in the two major leagues. The National League must make up 42 lost games and the American League 31.

VAN ORMAN WINNER OF NATIONAL BALLOON RACE IN GOODYEAR V

Akron, O., June 1.—(UP)—Ward T. Van Orman, pilot of the Goodyear V today was officially declared winner of the national balloon race which started here Monday with a field of fifteen entrants.

Van Orman landed near Bar Harbor, Me., a distance of 710 miles from Akron.

Edward J. Hill, the last of the pilots to report, was down at Skowhegan, Me., 665 miles away and thereby won second place.

The honor of third place on the American team for the international balloon race went to Capt. W. E. Kepner of army balloon No. 3 who grounded at Biddeford, Me., a flight of 610 miles.

LUNGS COLLAPSE WHILE SUFFERING FROM PNEUMONIA

Richmond, Calif., June 1.—(UP)—His lungs having collapsed during an attack of lobar pneumonia, Harold Purviance, 32, has been kept alive since 3 a. m. Monday by members of the fire department here through artificial respiration.

The firemen are working in shifts of three with the oxygen inhalator. Purviance's condition was considerably improved today, physicians said.

TAYLOR DOUTHIT RAPS OUT TIMELY HOMER YESTERDAY

VICTORY PUTS ST. LOUIS CARDINALS IN SECOND PLACE

BOB MCGRAW SHUTS OUT CINCINNATI WITH FIVE HITS

(By United Press)

Yesterday's hero—Taylor Douthit, outfielder for the St. Louis Cardinals, whose home run in the eighth inning gave the St. Louis Cardinals a 1-0 victory over Cincinnati.

The victory put the world champions in second place in the National League race as the Cubs lost to Pittsburgh.

Bob McGraw, castoff of the Brooklyn Dodgers, shut Cincinnati out with five hits.

Johnny Neun, sub first baseman of the Detroit Tigers, made an unassisted triple play as the Tigers defeated Cleveland 1-0. Myatt was on second and Jamieson off first, and Neun raced to second before Myatt could get back to the base.

Babe Ruth and Buster Gehrig, leading home run hitters in the American League, increased their total in a double slugfest that the Yankees took from the Athletics 10-3 and 18-5. Ruth got two home runs ending his season's total to 16. He hit one home run in each game.

Jess Petty held the Braves to six hits and the Dodgers took their third successive game of the series, 3-2. Four successive singles in the seventh inning sent over the tying and winning runs for the Dodgers.

The Red Sox scored three runs in the opening inning against Washington which was sufficient for victory. The final score was 4-1. Boston was outlived 7 to 5 but a wild throw in the opening inning aided in bringing in two runs.

The White Sox strengthened their hold on second place in the American League by defeating the Browns, 7-2. Blankenship kept the seven St. Louis hits well scattered while the Sox took a liking to the offerings of both Sam Jones and Elam Vangilder.

Joe Harris, castoff of the American League, hit safely in five times at bat and the Pittsburgh Pirates kept up their winning streak by defeating Chicago, 10-9. The Pirates got seventeen hits off two Cub pitchers. The defeat sent Chicago into third place.

Five runs in the seventh inning and four additional runs in the eighth gave the Giants a 13-4 victory over Philadelphia, after the Phillies had knotted the count at four and four in their half of the seventh inning.

LAKE REGION BASEBALL CLUB SETS SCHEDULE

Teams From Pierz, Pillager, Upsala, Randall, Swanville, Motley, Brainerd, Little Falls.

Four Games Will be Played Each Sunday in First Half of Season

At a recent meeting of the Lake Region Baseball club held at Little Falls the following towns were represented: Pierz, Pillager, Upsala, Randall, Swanville, Motley, Brainerd, Little Falls.

The following playing schedule was outlined:

May 29	Pierz at Pillager.
Upsala at Randall.	
Swanville at Motley.	
Brainerd at Little Falls.	
June 5	Little Falls at Pierz.
Motley at Upsala.	
Randall at Swanville.	
Pillager at Brainerd.	
June 12	Pierz at Randall.
Upsala at Little Falls.	
Swanville at Pillager.	
Brainerd at Motley.	
June 19	Motley at Pierz.
Pillager at Upsala.	
Little Falls at Swanville.	
Randall at Brainerd.	
June 26	Pierz at Upsala.
Motley at Little Falls.	
Pillager at Randall.	
Swanville at Little Falls.	
July 3	Upsala at Swanville.
Brainerd at Pierz.	
Little Falls at Pillager.	
Randall at Motley.	
July 10	Randall at Little Falls.
Pillager at Motley.	
Pierz at Swanville.	
Upsala at Brainerd.	

Stillwater, Minn.—The Stillwater chapter of the Izaak Walton league, during 1926, planted 489,000 fry and fingerling fish, pike, crappies, bass, sunfish, trout and perch in the lakes and streams of Washington county, it was disclosed in a report read at the spring meeting of the organization.

Richard Dix and Mary Brian in the Malcolm St. Clair Production, 'Knockout Reilly,' A Paramount Picture

Strong Support for Star in Newest Film

"Knockout Reilly," Richard Dix's newest Paramount starring effort directed by Malcolm St. Clair, arrived at the Lyceum theatre today.

Dix has an especially strong cast supporting him in this picture, the story of a young steel puddler who fights his way to ring fame at the instigation of a girl with whom he falls in love. Mary Brian but lately featured in "Beau Geste," is here featured as Mary Malone, cabaret entertainer whose brother Pat is the dethroned pugilistic champion, Jack Renault, the well-known boxer is cast as Killer Agerra the new champ and the cause of the Dix troubles.

MARTIN HAEFNER INJURED Struck by Old Touring Car, Breaking His Leg

Martin Haefer of 716 South Fourth street, while walking home on the road south of Merrifield, Monday evening, was struck by an old model touring car breaking his leg.

The car contained three men who immediately stopped and took him to Brainerd where Dr. C. E. Anderson was called. The names of the men were not learned.

BOYCOTT AGAINST AMERICAN GOODS

Washington, June 1.—(UP)—A boycott against American goods has been instituted in Mexican government departments, according to a report to the state department today from Ambassador Sheffield, confirming press dispatches.

Secretary Kellogg said he had not been informed of Mexico's reasons for this action. He intimated this government, under its embargo against arms shipments to Mexico, had recently refused export permits desired by the Mexican government.

St. Louis, Mo., June 1.—(UP)—Mrs. Mary K. Floading, who for 14 years has sold newspapers on a downtown corner, disappeared from the usual stand today.

The woman was known to thousands of St. Louisans who daily bought their papers from her. She had enlisted their sympathy.

Mrs. Floading sold out for \$1,300 to retire to a 20-acre farm she owns near the city.

St. Cloud, Minn.—When she reached for her doll on the edge of the bed, ten-months-old Shirley Ann Rosenberger fell to the floor, and a day later was dead as the result of a fractured skull.

New Wonderful Face Powder

If the face powder you now use does not stay on long enough to suit you—does not keep that ugly shine away indefinitely—does not make your skin colorful like a peach—try this new wonderful special French Process Face Powder called MELLO-GLO. Remember the name MELLO-GLO. There's nothing like it. John's Pharmacy.
